2022 ANNUAL REPORT

DMIWOO

DIVINE MERCY INTERNATIONAL
WIDOWS AND ORPHANS ORGANIZATION

FROM FR. KINGSLEY

Dear Supporters and Friends,

As we persist in our commitment to uplift widows, orphans, and those in need, we extend our heartfelt gratitude to the Almighty for continually showering our efforts with remarkable success. While we have achieved significant milestones, we firmly believe that with your invaluable support, we can accomplish so much more.

Our dedication has yielded various initiatives, including providing widows and orphans with access to clean water, empowering them through skills training, awarding educational scholarships, conducting housing repairs, granting monthly stipends, assisting Chinenye in establishing her own shop, offering business grants, providing essential pandemic relief, and providing our orphans with over 100 bicycles to go to school, among other endeavors. Our track record speaks for itself.

In January of this year, the Obike community bore witness to an extraordinary moment—the grand opening of our Divine Mercy Medical Center and the Divine Mercy American International Academy. The successful completion of these monumental construction projects is indeed a remarkable achievement. However, it is now imperative that we transition from construction to action, ensuring the delivery of crucial medical services and education to our widows, orphans, and the vulnerable members of the community. To achieve this, we humbly request your generous support to compensate our dedicated staff and furnish them with the necessary tools and resources to operate efficiently. Our annual operating budget for both the Medical Center and the Schools stands at approximately \$100,000. These projects embody hope and amplify our capacity to extend assistance to even more widows and orphans.

The year 2023 brims with promise and potential. We implore you to continue your unwavering support, as it remains the cornerstone of our endeavors. May the divine blessings of hope and compassion be ever upon you.

With gratitude and warm regards,

Fr. Kingsley

2022 was a year of DMIWOO IMPACT

EDUCATIONAL SUPPORT

Provided orphans with educational subsidies and sponsorships and shipped over 100 donated bicycles for fun, exercise and transportation.

SUSTAINED RELIEF

Provided clean water access, skills training, housing repairs, monthly stipends, business grants, and pandemic relief to widows to enable self-sufficiency.

NEW SCHOOLS

We completed construction on the Divine Mercy American International Academy - three schools that will expand educational access to the community in 2024.

MEDICAL CENTER

In January 2023, the Obike community bore witness to the grand opening of our Divine Mercy Medical Center.

Your unwavering support is the cornerstone of our endeavors.
